

Consultation with Young People at Dale End play area

Councillor Jill Tyler visited Dale End Play Park with IMPACT detached youth on one of their Wednesday visits as Ian from IMPACT had been talking to youngsters and they had requested to have a rounder's pitch and football pitch marked out for the summer holidays. Councillor Tyler engaged with several of the teenagers and committed to take this forward and discuss and propose with Gisleham parish council about getting this done. The clerk contacted Gisleham and suggested that they ask their WDC Michael Ladd about paying for this to be done. It was agreed and Waveney Norse were contacted to mark out the area. Last Wednesday 18th July IMPACT visited again and were pleased to see this had been done and the young people were enjoying using it as seen in the picture below.
