Carlton Colville Community News

Dates for your Diary

East Anglian Transport Museum 2020 Events

Easter Family Treasure Trail

Saturday April 11th and Sunday April 12th, 12 noon to 4:30 PM both days

An Easter celebration for all the family with a free fun treasure hunt ending in prizes for all the children who take part. Our tram and trolley bus fleet and train will be running all day long with all the usual museum attractions.

VE Day Celebrations

Saturday May 9th and Sunday May 10th 11:00 AM to 5:00 PM both days

This weekend we take a nostalgic look back at the late 40's, celebrating the end of the war in Europe with music and dancing. There will be a free park & ride service and regular free bus services to Beccles and Lowestoft, as well as the barbecue in the park. In addition, the trade stands along with static exhibitions and visiting vehicles will make for a very busy weekend for everyone.

999 Emergency Services Day

Sunday 23rd August 11:00 AM to 5:00 PM

This is one of our most exciting events where we will again be bringing examples from all the local emergency services to the museum, with various displays and demonstrations throughout the day. This is an event to interest the whole family where numerous vintage emergency vehicles as well as modern ones will be running alongside our usual trams, train and trolley buses with the addition of stalls supporting the various emergency services. A free park & ride service will operate to the museum with free vintage bus services to Beccles & Lowestoft, as well as the barbecue in the park.

Trolleybus Weekend

Saturday September 26th 12 noon to 9:00 PM and Sunday September 27th 11am to 5pm

As the season draws to a close, please join us for a weekend of fun where all available vehicles from our fleet will be running. As the nights are beginning to draw in we will be running after dark on Saturday when the museum takes on a very special atmosphere under the street lights. There will be a free park and ride service and bus services to Beccles and Lowestoft, as well as the barbecue in the park. In addition, the trade stands along with the static exhibitions and visiting vehicles will make for a very busy weekend for everyone.

Halloween

Saturday October 31st 3:00 PM to 9:00 PM

No tricks - just treats, but there's some spooky goings on around the site with a free witch hunt for the children with a prize for every child. The late running of our trams, trolley buses and train into the evening will be a chilling experience for all, as the woods come alive with the spirits of All Hallows Eve when it gets dark. There will be extra treats for any children in fancy dress.

Happy New Year 2021

New Year's Day 12 noon to 4:30 PM

Are you fed up with tinsel and turkey? Seen quite enough of the relatives? Will you scream if you see another cracker or paper hat? Then come along for a last chance this winter to ride on our vintage vehicle fleet. We will be running a free bus service to Lowestoft as well as all the usual museum attractions. What a great end to your seasonal festivities.

Hello from the Chairman

During 2020, the Town Council have plans to get the new Community Hub up and running. It is hoped that there are lots of groups and events for the whole community to enjoy.

The Annual Meeting of the Parish will be on Monday 11th May at 7 pm; when the hirers will have displays and information on what is going on there. There will be tea and biscuits available, so do pop along to have a look.

A Friendly Bench for the outside area is also in the planning and will transform the garden area.

The Neighbourhood Plan is still progressing and the Design Code for the potential site allocated under the East Suffolk Local Plan has been commissioned with Aecom group.

Please remember that we meet the first Wednesday of each month at 7 pm at the Methodist Church in Shaw Avenue. If you would like to see more of the work we do and if you would like to get involved please come along.

Julie Hall

The new Carlton Colville Hub is one step closer with the Methodist church agreeing we can use the building whilst waiting for the final lease to be signed.

Carlton Colville Hub was formerly the Carlton Colville Methodist Church. The Church with its dwindling congregation had no use for it and at a community engagement meeting it was suggested that the Town Council could lease the building for 5 years for community use. The building has 2 spaces which could be used for activities, one large hall and one smaller. It also has a good size kitchen, toilets and a garden space.

Vision

We strive to offer good facilities which are available year round, enabling the community to be brought together to access a variety of activities and services to enhance their health and wellbeing.

Mission Statement

Our mission is to foster strong community cohesion within the Carlton Colville area, whilst providing a comfortable community facility which helps promote the education, health and well-being of our community.

Watch out in the coming months for changes to signage and the garden area!

If you are a health and wellbeing group and would like to enquire about space available please email bookings.cchub@gmail.com or contact our clerk on 01502 521959

Make a difference

Who are we?

Alzheimer's Society is the only UK charity that campaigns for change, funds research to find a cure and supports people living with dementia today.

Dementia is the UK's biggest killer. Someone develops it every three minutes and there's currently no cure.

We know it is scary facing up to it, but we must confront the biggest health and social care challenge of our time.

Thanks to your support, Alzheimer's Society is facing dementia head on. Whether you're a fundraiser, donor, partner, or affected by dementia in any way, we're working with you to build a movement. Inspired by your voices, we're leading the way in support, society and research.

As the largest and most influential dementia charity in the UK, we are calling on everyone to unite. Working together we know we will achieve our vision - a world without dementia.

Why volunteer?

Three top reasons why you should join the thousands of volunteers already uniting against dementia:

It doesn't matter how long you're with us, it will be worth it. The time you give as a volunteer can make a direct and meaningful difference for people affected by dementia. You'll meet like-minded people, passionate about creating a world without dementia. There will be the opportunity to both utilise your existing skills and to learn and develop new ones.

Awareness Raising Volunteer

Why we need you:

It's important that information and advice for people who are worried about or affected by dementia is as visible and accessible as possible. As an Awareness Raising Volunteer you'll be helping us to make sure people in your area are aware of the support and advice services that we offer both locally and nationally. You'll help us to achieve widespread awareness of the support we offer.

What you'll be doing:

You'll carry out activities to make information available in your area, depending on the needs of your community. These activities will include:

- Supporting local events and holding information stands, as well as displaying leaflets in community centres, GP surgeries, on supermarket notice boards, retail/food places in towns, libraries and other locations highly accessible to the community and organisations that support people living with dementia.
- Ensuring the information publicised in the community is up to date and accurate.
- Establishing connections with local organisations and community groups.

Carlton Colville Neighbourhood Plan – Public update

In 2018/19 Waveney District Council/East Suffolk District Council drafted a Local Development Plan for the period 2020-2035. This Plan is designed to provide the framework for all future development/infrastructure in the area and will inform the planning committee when considering applications. In this Plan they proposed amongst other things sites for housing developments around the District. This included an allocation of up to 900 homes with other services including a primary school, shops, older persons care facilities and a Country Park in the land to the south of Bell Farm and West of the Dales Development in Carlton Colville.

Many local people, plus the Town Council and developers, provided comment on the draft plan - many expressing concerns on the proposed location, scale, flooding and transport implications. Others on the need for social housing and green space. Others were concerned about heritage and environmental impact. All these comments were considered - some accepted and some rejected by the District Council - and a final Plan was created and approved by the relevant authorities. You can see it here

<https://www.eastsuffolk.gov.uk/planning/planning-policy-and-local-plans/waveney-local-plan/>

Allotment Update

Unfortunately due to the wet weather ,preparations for the forthcoming season have been held back. Apart from the strong winds which damaged greenhouses, sheds and poly tunnels, the ground has been waterlogged to work on.

Raised beds have great advantage because they drain being above group level. I myself have a 'no dig policy' on the beds, which means the soil does not compact as it would if I stood on it. I enrich the beds by working the compost into the surface with a fork reaching from either side of the bed.

Weather permitting, in March I will be planting red and white onion sets with direct sowing of other crops to follow. Plants for my greenhouse will be started in a heated propagator.

At a meeting in February we discussed any issues concerning plot holders and elected the future committee. Thanks to our departing treasurer for her past involvement.

The allotment holders would like to thank Suffolk County Councillor Craig Rivett who kindly financed a petrol strimmer from his Locality Budget which will add to the gardening equipment provided by Carlton Colville Town Council.

Primary School Garden Club update

Our first meeting of the garden club was spent inside the school. We discussed what new projects the children could get involved with on the plot in the future and also what could be grown in the poly tunnel and outside, as you can imagine there was lots of ideas!

We also sowed a selection of seeds in a heated propagator, once large enough the children can transplant them into pots ready for their permanent position.

Outside things are taking shape for hopefully another successful year. The school is taking place in the 'Plant to Plate' competition, by collecting tokens from regional newspapers to hopefully receive a gardening pack worth £130 with the incentive to create lots of little gardeners.

Anyone who enjoys gardening and wishes to volunteer for a few hours on any of our projects should contact the Carlton Colville Town Council clerk on clerk.cctc@gmail.com

The Neighbourhood Plan

Sensing a frustration in the community feedback by the way some decisions about our area were made by those not living or affected by the decisions here, Carlton Town Council wanted a way in which as a community could help shape any new developments across the village/town. Therefore the Town Council started a consultation process in a government scheme called 'A Neighbourhood plan'.

This locally developed Plan gives communities direct power to develop a shared vision for their neighbourhood and shape the development and growth of their local area. Through it communities are able to choose where they want new homes, shops and offices to be built (although we are constrained by what has already been agreed in the Local Development Plan - we cannot now overturn the proposed development sites). But we can have a say on what those new buildings should look like and what infrastructure should be provided, and grant planning permission for the new buildings we want to see go ahead.

Neighbourhood planning provides a powerful set of tools for local people to plan for the types of development to meet their community's needs and where the ambition of the neighbourhood is aligned with the strategic needs and priorities of the wider local area.

To shape our Plan, you may recall we sent out several hundred questionnaires last year to people across Carlton Colville and we had about 200 completed and returned. This survey is helping inform our Neighbourhood Plan. Alongside this the Town Council invited members of the public, plus councillors and planning experts, to form a small group to help guide us as we draft our Plan. This group meets regularly to update on actions and agree next steps. So far, the messages coming across in the survey can be summarised as four things. The people of Carlton Colville want:

1. An attractive town: preserving and enhancing existing historic and cultural assets to attract visitors and residents. Setting high standards to ensure new developments are in keeping with the best designs locally and nationally to build community and enhance life for all the residents.
2. A community: A place where both existing and new residents feel a sense of pride and well-being in their community. We want adequate provision in terms of infrastructure eg. schooling, surgeries, shops and other community facilities
3. A connected town: linking up the whole of Carlton Colville and working with neighbouring communities to link old and new housing, employment and services. Development concentrated within walking distance of facilities, with great cycling and pedestrian facilities too – improving access and minimising traffic congestion. Good Broadband services.
4. A green town: integrated into its countryside and with community projects to encourage both green energy and conservation of existing habitats. Creating new wildlife habitats, minimising flooding risks and environmental impact of new developments including light, noise, traffic and visually.

We have asked planning and design experts to help draft our policies and design guidelines that will help shape the Plan. A first draft of the Design standards has been produced. The next stage is to start the drafting of the policies. We expect this will take a few more months to finalise before we can submit for approval. In the meantime, whilst we have a small group of people who have volunteered to help shape the plan we are keen to ensure widest engagement. If anyone else feels they would like to be part of the team helping develop the Plan for the whole of Carlton Colville do get in touch with the Town Council Clerk

Carlton Colville Town Council

Great British Spring Clean

Let's clean up our Neighbourhood

Volunteers needed

All equipment provided!

Saturday 18th April

10am—12pm

Meet at Carlton Colville Community Centre, Hall Road

The Everitt Academy

Part of The Catch22 Multi Academies Trust

The Everitt Academy

On Tuesday 21st January, children at The Everitt Academy held a car wash to raise money for charity.

The children researched a range of charities and decided to support the NSPCC as they help children who are suffering. It was a little chilly on the morning of the car wash but that didn't stop children (and teachers) getting involved with the fundraising event.

After cleaning a number of cars, we added the money up and revealed that we had raised £120 for the NSPCC. The charity relies on donations as each phone call made costs £4 to answer a call from a child who may be suffering in silence.

A big thank you to everyone that donated and helped on the day of the event.

Join us for a knit, natter and cuppa session Tuesday's 10 am – noon £2.50 per session – just turn up no booking required.

Carlton Colville Methodist Church (soon to be Carlton Colville Hub), Shaw Avenue, NR33 8JQ

Festive Lights Winner 2019

Many Congratulations to Mr & Mrs Woods of 2 Teesdale, who are the winners of the Christmas Festive Lights competition 2019.

This festive house was chosen by two of our councillors and the owners were given a small trophy to keep a donation was made to a local group.
