

Update from 2nd Carlton Colville Scout Group:

The group have had an indifferent year over the past 12 months. All sections, Beavers, Cubs and Scouts have seen membership numbers fall to 30 young members, however we have been well supported by new adult volunteers with section leaders/assistants and parent helpers reaching 13 across all sections.

We're are still waiting to secure new premises and we hope to relocate within Carlton Colville within the next few months. The new premises will hopefully support recruitment into the group.

Support for the group from Town and County Councillors, CCPS, St Peters Church and the Community Centre has been greatly appreciated and we look forward to their continued support as we regroup and refocus the group following 2 years of being impacted by Covid.
